

September 23, 2004

Mr. Carlos Lopez, Chair
ASTM E05.13.09, Standard Practice for Thermal Qualification of Radioactive Packages
Radioactive Material Transportation Package Testing and Analysis Committee
American National Standard for Testing and Materials
100 Barr Harbor Drive
P.O. Box C700
West Conshohocken, PA 19428-2959

Dear Mr. Lopez:

I would like to nominate Mr. Antonio F. Dias to replace Mr. Christopher S. Bajwa as the authorized U. S. Nuclear Regulatory Commission (NRC) representative on ASTM E05.13.09, Standard Practice for Thermal Qualification of Radioactive Packages (E2230-02). Mr. Dias is a Nuclear Engineer for NRC technical reviews associated with the aforementioned committee. By this letter, we also terminate Mr. Bajwa's membership on this committee.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN: Mr. Antonio Dias
M/S O-13D13
Washington, DC 20555

Voice message 301-415-2065
Fax 301-415-8555
Email afd@nrc.gov

Thank you very much for providing NRC with the opportunity to participate in the work of your committee.

Sincerely,
/RA/
Michael E. Mayfield
NRC Standards Executive
Office of Nuclear Regulatory Research
