No. There will likely be about a week left in the filing period when the scoping meeting is held.

Thanks - sounds good with one minor concern.
Will the opportunity to file petitions for intervention be completed before
the Environmental Scoping Meeting?

Eddie - Thanks for the info about the hard copies. As far as the schedule goes, your right on except for a couple of minor changes. We hope to issue the FR Notice on receipt & availability next week. The Notice on acceptance/rejection will likely go out a little before the hearing notice, perhaps mid Nov. Assuming we accept the application, the environmental scoping meeting date looks like it will be Dec. 18. We will, of course, issue a complete proposed schedule at the time we issue the acceptance letter.

Good Morning.

Different topic --

As best I can tell from the ESP-4 info provided back at the beginning of 2003, our initial schedule should look something like this...

09/25 - Submittal of EGC ESP Application

10/25 - FR Notice published for Receipt and Acceptability Review (@+30 days)

11/24 - FR Notice describing Acceptance/Rejection (@+60 days)

11/24 - FR Notice for mandatory Hearing (@+60 days)

12/09 - FR Notice for Intent/Environmental Scoping meeting (@+75 days)

12/24 - Deadline for filing petitions for intervention (@+90 days)

Is this pretty close?

Thanks.
