**Date:** 11/19/03 10:24AM  
**Subject:** North Anna Early Site Permit Meeting

Folks,

The NRC will be holding an environmental scoping meeting for the early site permit involving the North Anna site (on the southern shore of Lake Anna). The meeting is scheduled for 7:00pm on Monday, December 8, and it will be held in The Forum at the Louisa County Middle School, 1009 Davis Highway, near Mineral, Virginia. See the attached directions. Please let me know if you plan to be at the meeting.

We will also hold an open house for the public at that same location for the hour preceding the meeting.

In addition, our NRC review team will be touring the North Anna site the morning of Monday, December 8. Dominion is handling the arrangements to bring us through Security. We'll be focusing on the arrangement of the site, cooling system arrangement, etc. If you would like to join us on that tour, I need to know right away and I need the following information:

Name, Social Security Number, mailing address.

Call me if you have any questions.

Andy Kugler
