Dear Governor Bush:

With the enclosed certificate of recognition, the Conference of Radiation Control Program Directors, Inc. The CRCPD and the OAS would encourage you and the Executive Branch to continue support of the important services that the Department of Health, Bureau of Radiation Control provides for your state, and that serves as an example for radiation control programs in other states and nations.

We hope that you will find an opportunity to present this commendation to the radiation control program director, William A. Sincerely,
