Elaine;

We anticipated about 3 months to the completion of the license amendment application - so figure around mid-November. We will follow the guidelines and make it as complete as possible, so a new reviewer should not have a problem with it. Is your role changing, or will we still have you as our primary point of contact?

Robert Schoenfelder

Subject: concrete

NUREG-1501 Table2.3 has a reference for bkg concrete

when will you submit recycle application? be complete, someone other than me will review it.
