Dear Ms. Owens,

Westinghouse would like to amend our XR License application for China (Reference EFM-04-0150 dated February 24, 2004) to 1) add Curtiss-Wright Electro-Mechanical Corporation, 1000 Cheswick, Avenue, Cheswick, PA 15024 to the license as a U.S. supplier to this export. Curtiss-Wright purchased the Electro-Mechanical Division (EMD) from Westinghouse in late 2002. and 2) the Chinese Government has decided to change the proposed plant site to the Yang Jiang site instead of the Ling Ao Phase Two site for this proposed export. Yang Jiang is located at Dongping Town, Yangdong County, Yangjiang City, Guangdong Province, People's Republic of China. Like Ling Ao it is also owned by China Guangdong Nuclear Power Corporation (CGNPC). All other conditions remain the same.
