Re: N.R.C. License 05-14892-01

The purpose of this letter is to request an amendment to our Material License, to remove the location of any and all activities from Building 53 on the Denver Federal Center.

1. All EPA NEIC activities in Building 53 at the Denver Federal center have ceased, with no exceptions.
2. All radioactive materials specified under License 05-14892-01 have been transferred to renovated laboratories in Building 25 at the Denver Federal Center, as specified in our application for license renewal dated February 4, 2004.
3. The Building 53 site had been extensively tested under the direction of the U.S. Army Corps of Engineers, and the site has been thoroughly cleaned and all debris tested and properly disposed.
4. A final Status Survey Report from the Corps of Engineers, Omaha District, is enclosed, in three volumes.

If you should have any questions in regard to the procedures, or this request, please contact me at (303)462-9120, or Fax (303)462-9141, or e-mail: ossinger.albert@epa.gov.

Sincerely,

Albert Ossinger
Radiation Safety Officer

DATE

This is to acknowledge the receipt of your letter/application dated 8/19/04, and to inform you that the initial processing, which includes an administrative review, has been performed.

There were no administrative omissions. Your application will be assigned to a technical reviewer. Please note that the technical review may identify additional omissions or require additional information.

Please provide to this office within 30 days of your receipt of this card:

The action you requested is normally processed within 90 days.

A copy of your action has been forwarded to our License Fee & Accounts Receivable Branch, who will contact you separately if there is a fee issue involved.

Your action has been assigned Mail Control Number 470094.
When calling to inquire about this action, please refer to this mail control number.
You may call me at 817-860-8103.

Sincerely,

Colleen Murnahan

Licensing Assistant
