Dear Mr. Pantle:

This letter is in response to your August 18, 2004, letter which included a white paper titled "Terrorist Surveillance Detection Network." The paper provided an overview of the services ArmorGroup is prepared to offer the Nuclear Regulatory Commission (NRC) based on your reading of a *Wall Street Journal* article pertaining to "Wackenhut to Test Security at Nuclear Plants." You requested that the NRC review the paper to determine if you could be of assistance with respect to NRC program development.

We have reviewed the paper and have decided that your services are not needed at the present time. However, we will keep your company in mind should the need arise.

We would like to thank you for taking the time to prepare this document and wish you continued success in your future endeavors.

Sincerely.

/RA/

Office of Nuclear Security and Incident Response
