Response to Order for Implementation of Additional Security Measures Associated with
Access Authorization, Dated August 18, 2004

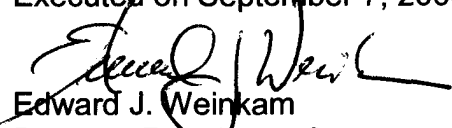

On August 18, 2004, the U.S. Nuclear Regulatory Commission (NRC) issued Orders to the above Nuclear Management Company, LLC (NMC) licensees for their independent spent fuel storage installations to require compliance with the specified additional security measures. Condition C of the Order requires these licensees to submit to NRC within twenty (20) days a schedule for achieving compliance with each requirement described in Attachment 1 to the Order and to report to the Commission when full compliance has been achieved.

This letter is to notify NRC that NMC has achieved compliance with all of the specified additional security measures for independent spent fuel storage installations through implementation of the alternative means identified in Attachment 1 Section A.2 of the Order.

This letter makes no new commitments or revisions to existing commitments.

In accordance with 10 CFR §2.202(b), the following affirmation is provided:

I declare under penalty of perjury that the foregoing is true and correct.
Executed on September 7, 2004.
