Dear Mr. Eastvold:

This letter is in regard to your recent Agreement with the Nuclear Regulatory Commission to conduct security inspections at irradiators in Illinois under Section 274i of the Atomic Energy Act, as amended. Our Region I office has conducted several inspections of irradiator facilities in NRC jurisdiction and recently issued the enclosed inspection report for one of those facilities. We are providing this report to you as an example to assist in preparation of inspection reports under your 274i Agreement. The enclosed report should be handled as "Safeguards Information - Modified" and we ask that you return it upon completion of your inspections.

If you have any questions in this matter, please contact John Madera of my staff at (630) 829-9834 or Ken O'Brien at (630) 829-9821. We appreciate you conducting these inspections and look forward to working with you in this process.
