Mr. Paul H. Lohaus, Deputy Director
Office of State Programs (03D23)
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Mr. Lohaus:

At the November 1996 meeting of the CRCPD's SR-6 Working Group they discussed some recommendations they wished to make for NRC's consideration during the upcoming rewrite of Part 35. Please find enclosed a copy of correspondence to me from Mr. David Walter, Chairman of the SR-6 Working Group.

I understand that NRC has a copy of the SR-6's recommendations. However, by means of this letter, I formally request that NRC consider the Working Group's recommendations during rulemaking planning as well as during the rewrite of Part 35. Thank you for your consideration.

Sincerely,

Thomas E. Hill, Chairman
States Suggested Regulations Council
