Docket No.72-11  
Rancho Seco Independent Spent Fuel Storage Installation  
License No. SMN-2510

**RESPONSE TO ORDER FOR ADDITIONAL SECURITY MEASURES FOR  
ACCESS AUTHORIZATION AT RANCHO SECO ISFSI**

Attention: Randy Hall

Attached is our response to the NRC Order issued on August 18, 2004, regarding the additional security measures associated with access authorization at the Rancho Seco Independent Spent Fuel Storage Installation (ISFSI). Where we don't already comply with the additional security measures, we have begun implementation of the requirements and will complete implementation within 180 days from the date of the Order.

In a separate letter to the Director, Office of Nuclear Material Safety and Safeguards, we have requested an extension of time to file a request for hearing until 20 days after the NRC has informed us of their determination regarding the acceptability of our response.

**The information attached to this transmittal letter is Safeguards Information. Accordingly, the attachment shall be afforded the protection under 10 CFR 73.21 and may not be placed in the Public Document Room. This transmittal letter, when separated from the attachment, is not Safeguards Information and may be placed in the Public Document Room.**
