Mr. Floyd,

I'm trying to spread my questions around, so I don't pester any one person too much. But, I haven't heard from Mr. Nichols, and my deadline is rapidly approaching, so I was wondering if you might be able to tell me what commercial fish species are known from Wheeler Reservoir.

Thanks so much,

Kenny

Mr. Nichols,

I am a TVA aquatic biologist, and I am currently working on a re-licensing EIS for Browns Ferry Nuclear Plant. I am

wondering if you might be able to tell me which commercial fish species occur in Wheeler Reservoir.

Thanks so much,

Kenny Gardner
