NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-315 and 50-316]

Indiana Michigan Power Company, Donald C. Cook Nuclear Plant; Notice of Availability of the Draft Supplement 20 of the Generic Environmental Impact Statement and Public Meeting for the License Renewal of the Donald C. Cook Nuclear Plant, Units 1 and 2

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has published a draft plant-specific supplement to the Generic Environmental Impact Statement (GEIS), NUREG-1437, regarding the renewal of operating licenses DPR-58 and DPR-74 for an additional 20 years of operation at Donald C. Cook Nuclear Plant, Units 1 and 2 (CNP). CNP is located in Berrien County, Michigan, about 55 miles east of Chicago, Illinois. Possible alternatives to the proposed action (license renewal) include no action and reasonable alternative energy sources.

The draft Supplement to the GEIS is available for public inspection in the NRC Public Document Room (PDR) located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, 20852 or from the Publicly Available Records (PARS) component of NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC website at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room). Persons who do not have access to ADAMS, or who encounter problems in accessing the documents located in ADAMS, should contact the PDR reference staff at 1-800-397-4209, 301-415-4737, or by e-mail to pdr@nrc.gov. In addition, the Bridgman Public Library, 4460 Lake Street, Bridgman, Michigan and the Maud Preston Palenske Memorial Library, 500 Market Street, St. Joseph, Michigan have agreed to make the draft plant-specific supplement to the GEIS available for public inspection.

Any interested party may submit comments on the draft supplement to the GEIS for consideration by the NRC staff. To be certain of consideration, comments on the draft supplement to the GEIS and the proposed action must be received by December 8, 2004. Comments received after the due date will be considered if it is practical to do so, but the NRC staff is able to assure consideration only for comments received on or before this date. Written comments on the draft supplement to the GEIS should be sent to: Chief, Rules and Directives Branch, Division of Administrative Services, Office of Administration, Mailstop T-6D59, U.S. Nuclear Regulatory Commission, Washington, D.C., 20555-0001.

Comments may be hand-delivered to the NRC at 11545 Rockville Pike, Room T-6D59, Rockville, Maryland, between 7:45 a.m. and 4:15 p.m. on Federal workdays. Electronic comments may be submitted to the NRC by e-mail at CookEIS@nrc.gov. All comments received by the Commission, including those made by Federal, State, and local agencies, Native American Tribes, or other interested persons, will be made available electronically at the Commission's PDR in Rockville, Maryland, and from the PARS component of ADAMS.

The NRC staff will hold two public meetings to present an overview of the draft plant-specific supplement to the GEIS and to accept public comments on the document. The public meetings will be held on November 9, 2004, at the Lake Charter Township Hall, 3220 Shawnee Road, Bridgman, Michigan. The first session will convene at 1:30 p.m. and will continue until 4:30 p.m., as necessary. The second session will convene at 7:00 p.m. with a repeat of the overview portions of the meeting and will continue until 10:00 p.m., as necessary. Both meetings will be transcribed and will include: (1) a presentation of the contents of the draft plant-specific supplement to the GEIS, and (2) the opportunity for interested government

agencies, organizations, and individuals to provide comments on the draft report. Additionally, the NRC staff will host informal discussions one hour before the start of each meeting at the Lake Charter Township Hall. No comments on the draft supplement to the GEIS will be accepted during the informal discussions. To be considered, comments must be provided either at the transcribed public meetings or in writing, as discussed below. Persons may register to attend or present oral comments at the meetings by contacting Mr. Robert Schaaf, by telephone at 1-800-368-5642, extension 1312, or by email at CookEIS@nrc.gov no later than November 3, 2004. Members of the public may also register to speak at the meeting within 15 minutes of the start of each session. Individual oral comments may be limited by the time available, depending on the number of persons who register. Members of the public who have not registered may also have an opportunity to speak, if time permits. If special equipment or accommodations are needed to attend or present information at the public meeting, Mr. Schaaf will need to be contacted no later than November 1, 2004, so that the NRC staff can determine whether the request can be accommodated.

FOR FURTHER INFORMATION, CONTACT: Mr. Robert Schaaf, License Renewal and Environmental Impacts Program, Division of Regulatory Improvement Programs, U.S. Nuclear Regulatory Commission, Washington, D.C., 20555-0001.
