OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

**UNOPPOSED MOTION BY STATE OF FRANKLIN GROUP OF THE SIERRA
CLUB, FRIENDS OF THE NOLICHUCKY RIVER VALLEY,
OAK RIDGE ENVIRONMENTAL PEACE ALLIANCE, AND
TENNESSEE ENVIRONMENTAL COUNCIL FOR EXTENSION OF TIME
TO FILE LEGAL AND EVIDENTIARY PRESENTATION**

Intervenors, the State of Franklin Group of the Sierra Club, Friends of the Nolichucky River Valley, Oak Ridge Environmental Peace Alliance, and Tennessee Environmental Council hereby request a two-week extension of the time period for filing their legal and evidentiary presentation regarding Nuclear Fuel Services' ("NFS's") three license amendment applications for the proposed Blended Low Enrichment Uranium ("BLEU"). This request is not opposed by either NFS or the U.S. Nuclear Regulatory Commission ("NRC" or "Commission") Staff.

Under the Presiding Officer's April 28, 2004, Memorandum and Order (Memorializing Pre-Hearing Conference Determinations) (hereinafter "Scheduling Order"), Intervenors' presentation is due October 1, 2004. Intervenors seek additional time to prepare their written submission because an important licensing document, the NRC Staff's Safety Evaluation Report ("SER") for NFS's third license amendment application, only became available to Intervenors today. See letter from Angela B.

SECY-02

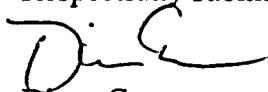

Coggins to Alan S. Rosenthal and Richard F. Cole (September 29, 2004), enclosing updated Hearing File Index.¹ Intervenors need additional time to review this centrally important licensing document before submitting their presentation.

In lieu of the schedule established in April 28 Scheduling Order, Intervenors propose the following schedule:

October 15, 2004	Intervenors' Presentation
December 14, 2004	NFS's and NRC Staff's Presentations
January 15, 2005	Intervenor's Reply Presentation

Intervenors note that while this schedule gives Intervenors an extra 14 days to prepare their case, it also provides a corresponding extension to NFS and the Staff for preparation of their responses. Moreover, the due date for Intervenors' reply presentation has not changed from the due date that was established in the Scheduling Order. Therefore, the requested extension will not prejudice any party or affect the Presiding Officer's overall schedule for deciding this case.

Respectfully submitted,

¹ Intervenors note that as of this morning, the four new documents listed under item 100 in the Hearing File Index could not be retrieved from ADAMS. Therefore, Intervenors' counsel obtained a hard copy of the SER from NRC Staff counsel. Ms. Coggins has assured undersigned counsel that the other documents will be available on ADAMS soon.
