University of Florida Training Reactor: Facility License R-56, Docket No. 50-83

Enclosed is our most recent quarterly log of security events for the University of Florida Training Reactor (UFTR) R-56 License at the University of Florida. There is one entry on the log for this quarter (the previous submittal was in July 2003). This entry is for an accidental actuation of the security system which was evaluated as a minor loss of effectiveness at most that was properly compensated. Further details are available with the enclosed log.

Thank you for your consideration. If further information is needed, please let me know.

Sincerely,

William G. Vernetson  
Director of Nuclear Facilities
