> Subject: OPS NIGHT ORDER

>

> Don, attached is an Operations Night Order, issued by David Callaghan
> on 07/01/04. This Night Order provides a summary of the human
> performance issues that were identified from the Loss Of Off-site
> Power (LOOP) events on 06/14/04. This Night Order also advises that we
> can have only one EC. The Unit 1 Shift Manager assumes the EC role if
> an event impacts more than one Unit. This is in accordance with
> EPIP-01 section 3.1. It was attached to SIGNIFICANT CRDR 2715749 as
> an action taken.
