## Constellation Energy

November 5, 2004

Roy P. Zimmerman, Director  
Office of Nuclear Security and Incident Response, NRC  
Two White Flint North Building  
11545 Rockville Pike  
Rockville, MD 20852-2738

Dear Mr. Zimmerman:

As the Chairman of the newly formed Nuclear Sector Coordinating Council, I would like to extend an invitation for you to speak at our first joint industry/government Nuclear Security Executive Forum. In cooperation with the Government Coordinating Council, the Nuclear Sector Coordinating Council is sponsoring this event to announce the creation of these councils. Additionally, this forum will explore and describe the council's functions and their purpose in strengthening critical infrastructure protection and preparedness in the context of overall homeland security and defense. It would send a strong message of support to the owners and operators of the entire United States commercial nuclear infrastructure to have you participate in our first security forum.

The Nuclear Security Executive Forum will be attended by chief nuclear officers and other executives representing companies that own and operate the nation's 104 commercial nuclear reactors along with representatives from nuclear fuel manufacturers and nuclear component manufacturers. In addition, senior representatives from the Department of Homeland Security will be participating in the forum.

The Nuclear Security Executive Forum will be held on Thursday, December 2 from 8:30 to 3:30 at the Sofitel Hotel at 806 15<sup>th</sup> Street, NW in Washington, DC. Please see the attached agenda for the schedule of your requested participation. However, we can be flexible in our agenda to accommodate your schedule if necessary.

If you have any questions, please call me at 410-783-2877. Please call Jason Remer of the Nuclear Energy Institute at 202-739-8168 to make arrangements for your attendance. We look forward to your response.

Sincerely,

Michael J. Wallace
