SUBJECT: MAINTENANCE OF REFERENCE MATERIAL AT THE WILLIAM MADISON
RANDALL LIBRARY AT THE BRUNSWICK STEAM ELECTRIC PLANT,
UNITS 1 AND 2, LICENSE RENEWAL APPLICATION

Dear Ms. Brown:

The Nuclear Regulatory Commission (NRC) staff appreciates the support of the William Madison Randall Library in assisting the public with participation in the NRC license renewal process for the Brunswick Steam Electric Plant (BSEP), Units 1 and 2. As discussed, your support would consist of providing shelf space in your reference section which would be used for making documents related to the NRC staff's environmental review of the BSEP license renewal application available to the public.

We will place the William Madison Randall Library on our distribution list for documents and notices related to the application for license renewal at BSEP. Thank you for your cooperation and support. If you need additional information, please contact Richard L. Emch, Jr., Senior Project Manager, at 301-415-1590 or Cristina Guerrero, Project Support, at 301-415-2981. You may also email us at RLE@nrc.gov or CXG3@nrc.gov.

Sincerely,

/RA/
