In the Matter of Entergy Nuclear Vermont Yankee LLC and
Entergy Nuclear Operations, Inc. (Vermont Yankee Nuclear
Power Station) -- Docket No. 50-271-OLA

Dear Chairman Karlin and Judges Baratta and Rubenstein:

This is to advise the Board that, in light of the public access restrictions implemented by the Nuclear Regulatory Commission on the Agency-wide Document and Access Management System ("ADAMS") as of October 25, 2004, Entergy Nuclear Vermont Yankee LLC and Entergy Nuclear Operations, Inc. (collectively "Entergy") have reviewed their NRC- and licensee-generated docket entries for information regarding aspects of the Extended Power Uprate ("EPU") at Vermont Yankee that may not now be available to the New England Coalition ("NEC"). As described in the enclosed letter to NEC, Entergy has forwarded to NEC's counsel and technical advisor copies of docketed information regarding EPU (EPU Supplements 15 through 20 covering September 23, 2004, to the present) to which NEC may not currently have access due to the ADAMS access restrictions.

Sincerely,

Jay E. Silberg
Counsel for Entergy Nuclear Vermont Yankee,
LLC and Entergy Nuclear Operations, Inc.

Re: Vermont Yankee Nuclear Power Station
Extended Power Uprate License Application

As you know, on October 25, 2004, the NRC restricted public access through the Agency-wide Document and Access Management System ("ADAMS") to NRC- and licensee-generated documents. We understand that, as a result of the NRC action certain docket entries containing information regarding aspects of the Extended Power Uprate ("EPU") at Vermont Yankee may not be available to you. To ensure your timely access to this information, we are providing you with copies of EPU Supplements 15 through 20 (covering September 23, 2004, to the present) on the enclosed CD-ROM disk.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig Nichols".

Craig Nichols
Power Uprate Project Manager
