Dear Sir or Madam:

We represent Uniroyal Chemical Company, Inc. f/k/a Crompton Manufacturing Company, Inc. Pursuant to the Federal Freedom of Information Act, 5 U.S.C. § 552, we are writing to request copies of any and all materials in the possession, custody or control of the United States Nuclear Regulatory Commission ("NRC") relating to the above-described Site located in Lake County, Ohio, including but not limited to written materials such as correspondence, contracts, notations, reports of laboratory test results, records, site inspection reports, and agency memoranda regarding the above-described site, as well as information stored on any computers, including e-mails, and other correspondence, documents, memoranda, or reports. We are also requesting any and all documents related to the historic federal governmental and government contractor operations in connection with the Site, such as (but not limited to) correspondence, contracts, real estate deeds and contracts, agreements, notations, records, reports, and memoranda related to materials shipped to the Site and the operations of the former Diamond Magnesium plant at the Site. We are excepting from the scope of this request those documents previously provided to us by the NRC in response to our Freedom of Information Request dated April 23, 2004 and submitted by Lauren R. Greenspoon, a copy of which is attached.

The documents are requested from the NRC, as well as any predecessor agencies, including but not limited to, the agency formerly known as the Atomic Energy Commission. In accordance with 40 C.F.R. 2.100 *et seq.*, we are willing to pay the statutory fees for the information requested. We will arrange for payment for the cost of copying the requested
