Re: **Duke Energy Corporation**
Catawba Nuclear Station, Units 1 and 2
(Docket Nos. 50-413-OLA, 50-414-OLA)

Dear Ms. Curran:

As a followup to my November 2, 2004 letter regarding discovery, the documents which I indicated would be produced are now available for BREDL's review at Winston & Strawn's offices during business hours. In accordance with our past practice, please call Anne Cottingham or me to schedule a time for your review.

I have attached an updated Index of Documents Responsive to BREDL Security Discovery Requests reflecting the availability of these new materials. I have also attached an updated version of the attachment to my November 2, 2004 letter related to security procedures modified, replaced or deleted as a result of the revision of the Catawba physical security plan. Finally, I am providing an updated security procedure index for the Catawba Nuclear Station.

If you have any questions on this matter, please let me know.

Sincerely,

Mark J. Wetterhahn
Counsel for Duke Energy Corporation
