Chairman Nils Diaz,  
US Nuclear Regulatory  
Office of Public Affairs  
Washington, DC 20555

Dear Chairman Diaz:

I am writing this letter to express my support for Louisiana Energy Services (LES) and its efforts to build and operate the National Enrichment Facility (NEF) in Lea County, New Mexico.

I have reviewed the Draft Environmental Impact Statement (EIS) and was pleased to see that the NEF will have only minimal impact on the environment, land, air quality and water usage. Lea County is a strong contributor to our country's energy needs and it is my belief that the NEF will enhance this and lessen our dependence on foreign imports. The NEF appears to be safe and has my full support.

LES is to be commended for keeping the community informed and educated about the process. They have quickly proven to be a good corporate citizen of Lea County by helping and contributing to our local organizations.

As a member of several organizations (Hobbs Municipal School board, Hispano Chamber of Commerce board, Habitat for Humanity of Hobbs), a business owner and more importantly, as a citizen of Lea County, I look forward to welcoming NEF and the positive economical impact it will have on Lea County.

Sincerely,

Alberto Caballero
