

December 3, 2004

Mr. Ralph A. Butler, Chief Operating Officer  
Research Reactor Facility  
University of Missouri  
Columbia, MO 65211

SUBJECT: INITIAL EXAMINATION CORPORATE NOTIFICATION LETTER  
NO. 50-186/OL-05-01, UNIVERSITY OF MISSOURI – COLUMBIA

Dear Mr. Butler:

I made arrangements with Michael Dixon for the administration of operator licensing examinations at the University of Missouri – Columbia reactor. The written and operating examinations are scheduled for the week of February 14, 2005.

In order to meet this schedule, I will use the reference material you supplied for the August, 2004 examination. Please furnish any updates to this material as soon as possible to the following address:

(U.S. Postal Service)  
U.S. Nuclear Regulatory Commission  
ATTN: Paul Doyle  
Mail Stop O-12 G-13  
Washington, D.C. 20555

(Overnight Delivery)  
U.S. Nuclear Regulatory Commission  
ATTN: Paul Doyle  
Mail Stop O-12 G-13  
11555 Rockville Pike  
Rockville, MD 20852-2738

Enclosure 1, "Facility Licensee Responsibilities for Written Examinations," describes your responsibilities for conducting written examinations. Enclosure 2, "Applicant Responsibilities for the Written Examination," describes applicant responsibilities during the administration of the written examination. Please ensure that all applicants are aware of these rules.

Your review of the written examination will be conducted in accordance with the procedures specified in Enclosure 3, "Facility Review of Written Examinations."

Final, signed senior reactor operator license applications certifying that all training has been completed must be submitted at least 14 days before the first examination dates. This will allow the chief examiner time to review the training and experience of the applicants, process the medical certifications, and process the applications. If the review cannot be completed in time to determine an applicant's eligibility, that applicant may not be permitted to sit for the examination. Therefore, it is recommended that license applications be provided as soon as possible to ensure an appropriate level of review.
