Dear Ms. Kauffman:

In a telephone conference call of November 10, 2004, ABB requested that the response to a NRC request for additional-information (RAI) be deferred until late January 2005. The RAI, dated October 21, 2004, concerned ABB's "possession" license amendment request dated April 7, 2004. The reason for the deferral is to apply maximum resources to field activities before the winter season sets in.

This letter documents your and Mark Roberts' concurrence to defer response to the RAI. If there are any questions or comments concerning this item, please contact me at (860) 285-5002, or by e-mail at john.conant@us.abb.com.

Sincerely,

ABB PROSPECTS INC.
