Dear NRC Freedom of Information Act and Privacy Act Officer

This is a request under the Freedom of Information Act 5 U.S.C. § 552. I request that a copy of the following documents be provided to me:

The Construction Authorization Request of a mixed oxide fuel fabrication facility to the NRC in February 2001 submitted by Duke, Cogema, Stone & Webster, except what is disclosed on the NRC web pages

I know that some part of the construction authorization request is on the NRC web (<http://www.nrc.gov/materials/fuel-cycle-fac/mox/construction.html>). However, some figures, tables and sentences seem to be removed from the original document. Some of them are indicated as "INTENTIONALLY BLANK" or "[ ]" but Some of them seem to have no indication. This request is to identify the part that can't be disclosed and its reason.

In order to help to determine my status to assess fees, you should know I am:

I am a consultant working for IEA of Japan Co., Ltd. I am now working with a Japanese government-related organization to investigate the actual activity to protect the classified information. This work will help the organization to know the actual guideline of what can be disclosed and what can't be disclosed.

I am willing to pay fees for this request up to a maximum of \$300. If you estimate that the fees will exceed this limit, please inform me first.

If you deny any part of this request, please cite each specific reason that you think justifies your refusal to release the information and notify me of appeal procedures available to me under the law.

If you have any questions processing this request, you may contact me at e-mail address : ttoyonaga@ieaj.co.jp. Thank you for your consideration of my request.

Sincerely,

-----
