Dr. Krynycky,

I am reviewing your license application. I would like to 1) confirm your address where licensed materials will be used, 2) obtain a permanent telephone number to enable NRC to contact Personal Care Molecular Imaging, and 3) obtain a description of the principle uses for adjacent areas to your hot lab (i.e., areas above, below, and adjacent to).

Please call me or have someone call me at 610-337-5083

I left a phone message with Ray A. Carlson at 734-455-4730

Regards,

Randolph C. Ragland, Jr.

Dr. Krynycky,

We are in receipt of a facsimile from Ray A. Carlson regarding the location of your proposed NRC licensed activities. Could you please respond today to the following questions.

1) As the officer of the company, could you please confirm that

1514 Highway 138
Wall, New Jersey 07719

is an accurate description of the location that your proposed licensed activities will be conducted.

2) What is located above the facility in which license activities will be conducted?

3) As requested in a phone conversation with Mr. Randolph Ragland (NRC) on November 23, 2004, please provide more specific details of your experience/qualifications. (e.g., Signature authorizing you as an authorized user for 10 CFR Part 100 and 10 CFR Part 200 uses). (The document that you submitted lists you as an authorized user on License Number 75-2909-04 for Nuclear Medicine but does not contain a signature and we need more specificity about your authorized uses).

Answers to these questions should be faxed to 610-337-5269. I would also appreciate a phone call to me at 610-310-7799 to confirm our receipt of your response.

If you have any questions, please call me on my cell phone at 610-310-7799 or you can call Pamela Henderson at 610-337-6952.

Sincerely,

Randolph C. Ragland, Jr.

Hello,

Thank you for the e-mail.

1.) That is the correct address for the new site, however, please continue to forward all correspondence to

Borys R. Krynycky, MD
C/O PCMI
1550 Laurel Court
Manasquan, NJ 08736

2.) Above the basement on the first floor will be our offices, reception, patient waiting area (before injection), lounge and low occupancy storage.

3.) A letter is being drafted up today by our RSO with his signature as per your request. Will fax it over later today.

Again, thank you very much for your help,

Sincerely,

Borys Krynycky
