Re: License Number 37-01321-02

Michelle Simmons:

Per your recent request please note the additional training and experience information for Ms. Kanta Patel, M.S.

Ms. Patel attended a certified nuclear medicine training program and completed in excess of 200 contact hours in the subjects required by 10 CFR Part 35. Additionally, over the past seven years Ms. Patel has completed in excess of 200 hours of continuing education in the following subjects:

Radiation Physics and Mathematics, Nuclear Pharmacy, Nuclear Procedures and Instrumentation, Shipping and Receiving in accordance with HAZMAT policies, Radiation Protection, Radiation Dosimetry and Radiation Biology.

Ms Patel's routine daily duties include but are not limited to the following areas:

- Radiation exposure report review
- Radiation safety training for new and current workers
- Routine area survey and wipe test performance and record review
- Equipment maintenance and calibration performance (survey meters, gamma cameras, well detectors, etc
- Patient dose preparation, administrations, and record reviews

In accordance with 10 CFR 35.50 I certify that Ms. Kanta Patel, MS, ARRT has satisfactorily completed the requirements in paragraph (b)(1) of 35.50 and has achieved a level of radiation safety knowledge sufficient to function independently as a Radiation Safety Officer for this medical use license.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "m. O'Connell".

Radiation Safety Officer
