

TELEPHONE CONVERSATION RECORD	Date: December 13, 2004	Time: 14:00
Mail Control No.: N/A Inspection No.: 2004-001	License No.: SUB-1566	Docket No.: 040-09030
Person Called: Abdurrahman Unal, M.D., Radiation Safety Officer	Licensee: Keystone Oncology, LLC	Telephone No.: 717-274-7500
Person Calling: Steven Courtemanche/(610) 337-5075		
Subject: Priority 5T telephone inspection.		
<p><u>Summary:</u> The receptionist indicated that Dr. Unal was not at the facility but would transfer my call to him.</p> <p>Dr. Unal stated that he was not in a position to answer all of my questions since the records were at the other location. He would refer me to William Ying, M.D. for any questions he could not answer. I went over the material listed in the license to see if any amendments were needed and the Priority 5T Questionnaire. I then contacted Dr. Ying for the remainder of the information. I did not identify any items of a regulatory concern so I notified the licensee that a letter would be sent out to them documenting the findings.</p>		
Action Required/Taken: Place into ADAMS.
