December 15, 2004

Mr. J. Morris Brown
Vice President - Operations
United States Enrichment Corporation
Two Democracy Center
6903 Rockledge Drive
Bethesda, MD 20817

SUBJECT: PUBLIC MEETING SUMMARY, SAFETY CONSCIOUS WORK ENVIRONMENT
AT THE GASEOUS DIFFUSION PLANTS

Dear Mr. Brown:

This letter refers to the public meeting conducted on December 13, 2004, to discuss the United States Enrichment Corporation's efforts to ensure a safety conscious work environment at your Paducah and Portsmouth Gaseous Diffusion Plants. The meeting was beneficial and provided the NRC with an acceptable level of confidence that actions being taken are having a positive effect at both facilities. We will continue to monitor your progress and assess whether future meetings are needed to continue discussions on this subject.

The names of participating attendees at the meeting and a copy of the presentations are enclosed.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's Agency wide Document Access and Management System (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Please note that on October 25, 2004, the NRC terminated public access to ADAMS and initiated an additional security review of publicly available documents to ensure that potentially sensitive information is removed from the ADAMS database accessible through the NRC's web site. Interested members of the public may obtain copies of the referenced documents for review and/or copying by contacting the Public Document Room pending resumption of public access to ADAMS. The NRC Public Documents Room is located at NRC Headquarters in Rockville, MD, and can be contacted at (800) 397-4209.

Should you have any questions concerning this letter, please contact me at 404-562-4731.

Sincerely,

Jay L. Henson, Chief
Fuel Facility Inspection Branch 2
Division of Fuel Facility Inspection
