

LICENSING PROCESS CONFERENCE

Announcement and Invitation

Hosted by:
Spent Fuel Project Office
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission

The staff of the Spent Fuel Project Office (SFPO), U.S. Nuclear Regulatory Commission (NRC), cordially invites you to attend its Licensing Process Conference, to be held on February 8, 2005, at the Two White Flint North Auditorium, located at NRC Headquarters in Rockville, MD.

The purpose of this conference will be to discuss SFPO's licensing process for 10 CFR Part 71 and Part 72, provide licensees and stakeholders with an overview of SFPO's latest guidelines for its interactions with applicants, and provide attendees ample opportunity to provide feedback and suggestions on these efforts. This conference is part of the NRC staff's initiative to continuously improve the licensing process and make interactions with our applicants more effective and efficient.

We are looking forward to your participation in this conference. The success of this initiative relies heavily on your active participation and your valuable insights.

The conference is scheduled to start promptly at 8:00 a.m. (ET) and end at 4:30 p.m. (ET). It will be open to the public and there is no registration fee. However, registration is strongly encouraged to assist NRC in the planning of the conference.

Attached you will find a detailed agenda and further information on the topics that will be discussed. You will also find detailed instructions and contact information for registration. Further information and updates about the conference will be available at the following address: <http://www.nrc.gov/public-involve/conference-symposia/sfpo/>.

Once again, we look forward to your participation.
