<b>Subject:</b> renewal & amendment to add new RSO		
<p>I spoke with Andrew regarding what OCD has decided to do regarding these two actions. He stated OCD is hiring a new IH with some NRC licensing experience. He stated OCD will submit a revised renewal application within 60 days. They will use NUREG-1556 Vol. 7 and the license will be a true limited scope license listing the authorized users. At this time they are not sure if they will request that Andrew or the new IH be the new RSO. This would impact the due date for the new RSO amendment, 135935, which is 01-31-05. I told Andrew I would get back to him if this presents a challenge and we need to take additional action.</p>
