RE: Amendment Application
License Number: 37-28653-01

Dear License Reviewer:

Please amend our byproduct material license to reflect the following changes:

- ▶ We request the above mentioned license be amended to identify a second location of use. This facility is a diagnostic imaging center incorporating nuclear medicine operations. The address of this imaging center is located at **700 Cottman Avenue, Philadelphia, PA 19145**. A diagram of the nuclear medicine department and imaging center has been enclosed within "Attachment A" for your examination.

All policies and procedures identified in the license application and byproduct material license will be employed at the new imaging site.

A List of Equipment to be used at the new imaging site has been included within "Attachment B" for your review.

- ▶ We request that David Vinti, CNMT be named as the Radiation Safety Officer (RSO) for this license. Mr. Vinti has worked as an Assistant Radiation Safety Officer under the direction of Veronica A. Covalesky, M.D. (the current RSO). Documentation pertaining to Mr. Vinti's clinical training and experience has been enclosed within "Attachment C" for your review.

Dr. Covalesky will remain on the license as an authorized user.

All remaining items identified on the byproduct material license are to remain unchanged at this time.

We thank you in advance for your assistance with this licensing action.

If you require additional information, please contact Michael W. Lairmore or myself. Mr. Lairmore may be reached at (201) 447-3303.

Sincerely,

Mark Victor, M.D.
President
