Dear Ms. Ullrich,

The Department of Biology of Kean University recently hired a new faculty member, Dr. My Abdelmajid Kassem, whose research interests include use of the Radiation Laboratory. He has experience in the safe handling of radioactive materials. Dr. Kassem is, in my opinion, qualified to be an authorized user here at Kean University. I would therefore like to have him added to the list of Authorized Users of licensed material (Section 11 A & B).

Please consider the information enclosed with this request. Should additional information be required, please contact me at 908-737-3678 or rcriasia@kean.edu.

Thank you.

Dr. My Abdelmajid Kassem
Department of Biological Sciences
Kean University

Dear Dr. Kassem,

The letter is in regards to the service of Dr. My Abdelmajid Kassem while at Southern Illinois University at Carbondale (SIUC). In order to become an authorized user of radioactive materials at SIUC, a person must study our written learning modules and pass an examination covering each of the three modules. Dr. Kassem did pass the examinations required to become an authorized user of radioactive materials on June 3, 1999. As an authorized user of radioactive materials, Dr. Kassem worked with radioactive materials under the supervision of a radiation laboratory supervisor. Dr. Kassem's total recorded dosimetry exposure while at SIUC was:

Name	Dr. My Abdelmajid Kassem
Social Security Number	[REDACTED]
Period of Exposure Monitoring	10/10/1999 – 9/9/01
Accumulated Dose (mRem)	DDE / LDE / SDE [REDACTED] / [REDACTED] / [REDACTED]

Dr. Kassem left SIUC in good standing with the radiation safety program. If you have any questions or concerns, please feel free to contact me at (618) 536-2015.

Sincerely,

Richard Dyer
