Dear Administrative Judges:

Pursuant to 10 C.F.R. 2.336, the Staff hereby provides notice that the LES Hearing File has been updated. An updated Hearing File Index, and updated Privileged Document List, and an affidavit from the NRC Staff's LES Project Manager are attached.

Please note that while the hearing file has been updated to include all new documents the Staff must provide under the mandatory disclosure provisions, it does not include the newly redacted documents which have been completed by the Staff at this time because Staff resources are currently being focused on completing the redaction process. The Staff expects that those documents will be included in future updates. Also note that the hearing file now contains a new column which identifies which documents have been identified as sensitive.

In addition to the updated hearing file, the Staff has prepared an index which lists all of the documents in the hearing file which have been redacted as of this time. On the index, the Staff has identified documents which have been placed on the NRC public web site in redacted form and the location of the document. The remaining documents are being provided, in
