To whom it may concern:

As Assistant Principal who has been charged with providing for the safety and well being of thousands of children I urge you to adopt Beamhenge. This will help keep many children safe and protect people's property. It has been three years since 911 and the NRC has yet to act on this urgent problem. Please respond immediately by adopting Beamhenge and the proposed upgrade to Design Basis Threat (DBT).  
Thank you for your immediate attention on this matter.

Sincerely,  
Jim Stapleton
