RE: Control # 136027

Number of pages including cover sheet: 2

Hello John,

Please find attached, a completed and updated form 314.
The information in section C covers the topic we discussed earlier.

EPCOS, Inc. did not perform a radiation survey for this termination request. This determination was reached with the following considerations.

- Our products were sealed source containers.
- No leakage was ever detected.
- The packaging of these devices was never compromised during our handling processes.

I hope you find this information sufficient for purposes of processing our license termination request.

Yours truly,

Joseph T. D'Amore
Director, Logistics
Radiation Safety Officer
