Docket No. 70-3103-ML

ASLBP No. 04-826-01-ML

December 21, 2004

MEMORANDUM AND ORDER
(Protective Order)

This Protective Order governs the disclosure and use of certain protected information¹

¹ Protected information is defined as any document, in its entirety, currently in the Electronic Hearing Docket ("EHD") and/or hearing file and any document, in its entirety, subsequently entered into the EHD and/or hearing file that has not been screened and approved by the NRC Staff as not containing sensitive information. The definition of protected information also includes any document upon which a party relies that is not and will not be entered into the EHD or hearing file for this proceeding, but was obtained from any official NRC system of records, that has not been screened and approved by the NRC Staff as not containing sensitive information. A document that has been screened and approved by the NRC Staff as suitable for public release is not protected information under this Order, even if the Agencywide Document Access and Management System ("ADAMS") or the EHD for LES have not been restored in full.

Any document that is found to contain sensitive information shall have that sensitive information redacted, at which time the redacted version of the document will no longer be considered "protected information." However, unredacted versions of documents containing sensitive information will still be considered "protected information" under this Order. The Board previously issued a Protective Order on May 21, 2004, which covers confidential proprietary information ("protected materials") in connection with this proceeding. Therefore, for the purposes of the definition of "protected information" in this Order, even if a document has been screened and approved for public release by the NRC Staff, if it contains protected materials as defined by the May 21, 2004 Order, it will remain such until that Order is lifted. Furthermore, the definition of "protected information" in this Order does not include classified or safeguards information which would be the subject of separate provisions with respect to handling, use and disclosure; it includes information that is unclassified, but potentially

potentially relevant to the application of Louisiana Energy Services, L.P., (LES) for a license to support the National Enrichment Facility (“NEF”) in Eunice, New Mexico.

Specifically, counsel and consultants for LES, Nuclear Information and Resource Service (NIRS), Public Citizen (PC), the Attorney General of New Mexico (AGNM) and New Mexico Environment Department (NMED) shall be permitted access to protected information upon the following conditions:

1. LES, NIRS/PC, AGNM, and NMED shall execute the attached Confidentiality and Non-Disclosure Agreement.

2. Only individual counsel, consultants, and others representing a party² who have executed the attached Confidentiality and Non-Disclosure Agreement may have access to protected information. Protected information shall not be used except as necessary for the conduct of this proceeding, nor shall it be disclosed in any manner to any person except to the minimum number of counsel, consultants or other party representatives who are engaged in the conduct of this proceeding and who need to know the information in order to carry out their responsibilities in this proceeding. Individuals with access to protected information pursuant to this Order may make copies of and take notes on the protected information, but such copies and notes become protected information. Such notes and copies will not be included in ADAMS or the EHD for this proceeding unless submitted for inclusion by the designated representative of that party.

sensitive.

² The term “party” shall mean LES, NIRS, PC, NMED, and the AGNM. For the purposes of this protective order, the term “party” does not include the NRC staff. The provisions of this Protective Order, unless expressly stated, do not apply to NRC employees, contractors, or consultants.

3. Counsel, consultants, and others representing a party who receive any protected information shall maintain its confidentiality as required in the attached Confidentiality and Non-Disclosure Agreement, the terms of which are hereby incorporated in this Protective Order.

4. All pleadings and correspondence in this proceeding (including testimony) that contain protected information shall:

a. be served in a single, opaque envelope by United States first class, registered, express, or certified mail, internal NRC mail, or messenger-courier or overnight delivery service (e.g. , Federal Express); and

b. be served by electronic transmission; and

c. include an attached cover sheet identifying the attached pleading or correspondence as protected information; and

d. be served only on the Licensing Board, NRC's Office of the Secretary, and parties and persons authorized to receive protected material under this protective order.

5. Counsel shall take all reasonable precautions necessary to assure that protected materials are not distributed to unauthorized persons. Counsel are responsible for ensuring that persons under their supervision or control comply with this Protective Order.

6. The terms of this Protective Order apply to protected information notwithstanding any prior releases in which this information was treated as public. A public release of protected information before this Order became effective shall not serve as grounds for subsequent distribution of protected information to unauthorized persons.

7. Protected information shall remain available to all parties until the later of the date that an order terminating this proceeding is no longer subject to judicial review, or the date that any other Commission proceeding relating to the protected information is concluded and no longer subject to judicial review. The parties shall, within fifteen (15) days of the later date

described above, return the protected information (excluding notes of protected information) to the party that produced them, or shall destroy the information, except that copies of filings, official transcripts and exhibits in this proceeding that contain protected information, and notes of protected information may be retained, if they are maintained in a secure place.³ Within such time period, each party shall also submit to the producing party an affidavit stating that, to the best of its knowledge, all protected information and all notes of protected information have been returned or have been destroyed or will be maintained in accordance with the above. To the extent protected information is not returned or destroyed, it shall remain subject to the provisions of this Protective Order.

8. Counsel, consultants or any other individual representing a party who has reason to suspect that protected information may have been lost or misplaced or that protected information has otherwise become available to unauthorized persons during the pendency of this proceeding shall notify this Licensing Board promptly of those suspicions and the reasons for them.

9. Any violation of the terms of this Protective Order or a Confidentiality and Non-Disclosure Agreement executed in furtherance of this Protective Order may result in the imposition of sanctions as the Presiding Officer or the Commission may deem appropriate, including but not limited to referral of the violation to appropriate bar associations and/or other disciplinary authorities.

³ Counsel for the parties are responsible for determining what measures are necessary to assure that protected information is kept in a secure place such that no distribution of protected information to unauthorized individuals will occur. The staff is responsible for providing the criteria outlining those measures.

10. The Licensing Board may alter or amend this Protective Order as circumstances warrant at any time during the course of this proceeding.

It is so ORDERED.
