NUREG-1790/Docket #70-3103

Public Comment: Draft Environmental Impact Statement for the Uranium Enrichment Facility Proposed by Louisiana Energy Services for Lea County, NM

To Whom It May Concern:

The DEIS states that the proposed NEF would submit an annual report of the Environmental Sampling Program to the Nuclear Regulatory Commission. I would like a guarantee that this information will be made public to the citizens of Lea County and the State of New Mexico. The public must be allowed to participate in the environmental oversight of the proposed NEF facility, and I request that the final EIS address these concerns.
