NUREG-1790/Docket 70-3103

Public Comment: Draft Environmental Impact Statement for the Uranium Enrichment Facility Proposed by Louisiana Energy Services for Lea County, NM

In Louisiana Energy Service's DEIS the gaseous effluent vent systems emissions of the operational plant are unclear. I request that the final EIS clearly state the allowable emission of each of these various discharges (per EPA, ACGIH, etc.) The numbers don't mean anything without an understanding of what can be discharged by law.

Thank you,

Anita Suland
Rose Gudrun
