Subject: Previous e-mails concerning USEC Inc.'s proposed American Centrifuge Plant

Dear Pat Marida,

After receiving USEC Inc.'s application for the American Centrifuge Plant (ACP) last August, I had created an e-mail notification list for the project. As part of NRC's public outreach efforts, I have been and intend to notify all those on this list about any significant events of interest concerning our review of the application, completions of significant scheduled project milestones, or significant changes to the project scope or schedule. I had included you in e-mail notification list. However, today I realized that I had made an error in entering your e-mail address. As such, I am attaching to this e-mail copies of the four previous e-mails that I had sent to the wrong e-mail address.
