IBS OF AMERICA COPORATION  
ATTN SCOTT D OMAN  
3742 COOK BLVD  
CHESAPEAKE VA 23323

**Expiration date: December 31, 2006**  
NRC License No. 45-25435-01  
Authorized Use: Portable gauges

Mr. Oman:

IBS of America Corporation is granted reciprocal recognition of the above stated license for conducting portable gauge use with radiation sources in the state of Texas, pursuant to Title 25 Texas Administrative Code (TAC) §289.252(ee). This reciprocal recognition will expire on the date listed above.

In addition to the requirements and restrictions of the NRC license referenced above, the following conditions are imposed on your activities as a general licensee while conducting work in the state of Texas:

1. The licensee shall comply with the provisions (as amended) of Title 25 TAC §289.201, §289.202, §289.203, §289.204, §289.205, §289.251, §289.252, and §289.257.
2. The licensee shall have in their possession at all times when conducting work in Texas, and make available for review by the Agency staff upon request, the following:
  - a) a copy of this letter granting the licensee reciprocal recognition of their out-of-state license;
  - b) a copy of the licensee's operating and emergency procedures and all correspondence and items referenced in the license;
  - c) a copy of the licensee's radioactive material license;
  - d) a copy of 25 TAC §289.201, §289.202, §289.251, §289.252 and §289.257 and
  - e) a copy of the appropriate BRC Form 252-3 notifying the Agency of the licensee's intent to work in Texas.
3. If at any time during the reciprocity period the license referenced above is amended, the licensee shall provide the Agency with copies of amendments to the license and any procedural changes pertaining to an amendment.

**NMSS/RGNI MATERIALS-002**

Submitting an application and/or license fees is only a part of the process and does not grant reciprocity. This letter is your authorization to work in Texas.

You are required to notify this Department by the filing of a BRC Form 252-3 at least 3 days prior to each entry into Texas. This can be faxed to: Manager, Radiation Inspection Group at (512) 834-6654.

If at any time you establish a permanent office, or site in Texas, you are required to apply for a Texas Radioactive Material License. If I may be of assistance with your radiation safety program, please contact me at (512) 834-6688 extension 2215; or by electronic mail at [mike.dunn@dshs.state.tx.us](mailto:mike.dunn@dshs.state.tx.us).

Sincerely,

Michael L. Dunn, Chief  
Industrial Licensing Program  
Radiation Safety Licensing Branch
