Subject: Fwd: FYI Re: Interim feasibility criteria on Manual Actions

Eva:

Attached is the handout for Manual Actions with your recommended additions. The cover/title page is page 7 of the NEI 00-01 outline file. I don't think I'll have the time for the slides, as I have another meeting this PM. Hopefully, the format of the handout will suffice for showing where there are changes. Note that the "risk" criterion has been deleted.
