Subject: Letter dated November 20, 2004			
<p>Summary:</p> <p>I informed Mr. Weichel that even though the letter states "change of ownership" we are treating the letter as a notification that the company is in receivership and the bank is looking for a new owner. We will track this as a bankruptcy case. I also informed him that they must continue to comply with the license. He indicated that all the RAM is locked out and not being used. He is on site and has the ability to oversee the program and assure the RAM is secure. I told him that he will need to keep us informed of any changes. I directed Mr. Weichel to NUREG 1556 Vol 15. He requested that I send him a copy. He will follow the NUREG and provide any needed information.</p>			
Action Required/Taken: send acknowledge letter, and provide all info to Sattar for follow up.
