**Subject:** Fwd: Comment (1) of Renate Frey Regarding Stricter Fire Safety Regulations at Nuclear Power Plants. Document Date: 02/19/2004

Ray,

Per Sunil's instruction ~ Please see attached ~ I believe these form letters are (late) stakeholder comments re: manual action rulemaking ~ NOT NUREG 1778 ~ I think the problem was that I was the only public comment document open when they arrived. With your agreement ~ I will have the 16 reassigned to your effort. Please let me know
