~~PREDECISIONAL INFORMATION~~

If we can all get together today, I would be in favor. I'd like to get most of this done in one fell swoop, as opposed to continuing to issue strawmen. If we're all together, maybe we can actually write this stuff up.

Dave - do you want to schedule something?

Sunil - can I shift my OpManAx meeting with you at 4:00 to earlier or else tomorrow if necessary?
