Eva

Take a look at the document ML040330820. It is from NEI and dated 1-27-04 and has the subject title you stated. (Please note, the ADAMS date of 1-29-04 is for the email transferring the received letter from Alex Marion of NEI dated 1-27-04.)

Guys,

I have been looking for the January 27, 2004 NEI letter entitled " Comments on Draft Criteria for Determining Feasibility of Manual Actions to ..." I have been unable to locate it in ADAMS. Is it in ADAMS under some other title?

This is one of the files we need to include on the Congressional CD and I don't have an electronic file or ML.

Your assistance would be greatly appreciated.
