OK. I will catch up with you next week.

Thanks

I'm at either meetings or workshops all day tomorrow and Friday, so Monday is the first free day.

I just received comments from Dick Dudley on the communication plan. He doesn't have that many, but I think he raises some important points. Before you concur, I would like to transmit those comments to you so that you can have them incorporated (as you see fit). Please let me know when you are available and I'll stop by to talk to you about it. His comments pertain to Questions 2, 5, 6, 7, and 8.

Thanks for your time,

Tanya
