

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
REGION IV  
611 RYAN PLAZA DRIVE, SUITE 400  
ARLINGTON, TEXAS 76011-4005

January 3, 2005

MKM Engineers, Inc.  
ATTN: Khodi G. Irani, President  
4153 Bluebonnet Drive  
Stafford, Texas 77477

SUBJECT: RESPONSE TO 14-DAY NOTIFICATION  
LICENSE NUMBER 42-27737-01

Dear Mr. Irani:

By letter dated September 24, 2004, you provided notification to this office that you would initiate certain activities under the subject license, in 10 days. License Condition 13 requires at least 14 day written notification prior to initiating activities at each temporary job site, excluding routine packaging or repackaging for purposes of transporting and jobs not requiring a site specific work package, or characterization and/or final surveys where radioactive materials and/or radiation are not likely to be detected. Nonetheless, due to the time-critical nature of the work being performed for the U.S. Navy at the Marine Corps Logistics Base, Albany, Georgia, the staff accepts and considers your notification as timely.

Please note that this should not be construed as a general waiver of the requirements under your license, as this office expects licensees to be in compliance with all license conditions.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Please note that on October 25, 2004, the NRC suspended public access to ADAMS, and initiated an additional security review of publicly available documents to ensure that potentially sensitive information is removed from public accessibility in the ADAMS database through the NRC's web site. Interested members of the public may obtain copies of the referenced documents for review and/or copying by contacting the Public Document Room pending resumption of public access to ADAMS. The NRC Public Document Room is located at NRC Headquarters in Rockville, MD, and can be contacted at 800-397-4209 or 301-415-4737 or [pdr@nrc.gov](mailto:pdr@nrc.gov).

If you have any questions or comments on this matter, please contact me at 817-276-6552.

Sincerely,

*/RA/*
