Subject: letter dated 12/20/04			
<p>Summary:</p> <ol style="list-style-type: none"> <li>1. How many of the Molins devices do you possess? 20 but only 8 are in use. These devices will be replaced/disposed in about 3 to 4 years and the licensee will obtain devices from another manufacture.</li> <li>2. How often have you exchanged sources in the past. Never but they have removed sources in order to service the devices.</li> <li>3. How will the sources arrive? They will arrive in a shielded container. The source screws into the device. The source is shielded except for the window. The licensee has procedures and equipment to remove and install the sources.</li> <li>4. Will any changes be made to the device. The licensee indicated that they will change the name plate on the device to reflect the correct mode/serial number of the sealed source.</li> <li>5. The licensee will send a copy of attachment VZ-2530 as mentioned in the letter from AEA attached to the licensee letter.</li> </ol>			
Action Required/Taken: wait for attachment and complete TAR form for panel 1/6/05.
